Infinity is the ranch that quietly refuses to be one household. Elect the expanded main level and the home grows a second front door, a second living room, a second kitchen — small but complete — a bedroom with its own walk-in closet, its own bath, and its own single-car garage. Call it a multi-generational suite. Call it the guest wing that never wears out its welcome. The primary residence holds its own: a great room measuring nearly nineteen feet, a primary suite with an optional fireplace in the bath — the kind of detail that arrives once in a collection.
