The 275 is the first true two-story in the Preamble Collection — and the plan where the farmhouse register fully arrives. A proper main level: living room, island kitchen, primary bedroom with a walk-in closet, full bath. Up the stair, three upper-level layouts wait. Start with a finished loft. Close it into a second bedroom/loft combo or drop the loft for a full second bath to round out the trio. An accessibility-forward shower option carries the same welcome upstairs. The 275 grows one decision at a time — the first chapter with room to write a second.

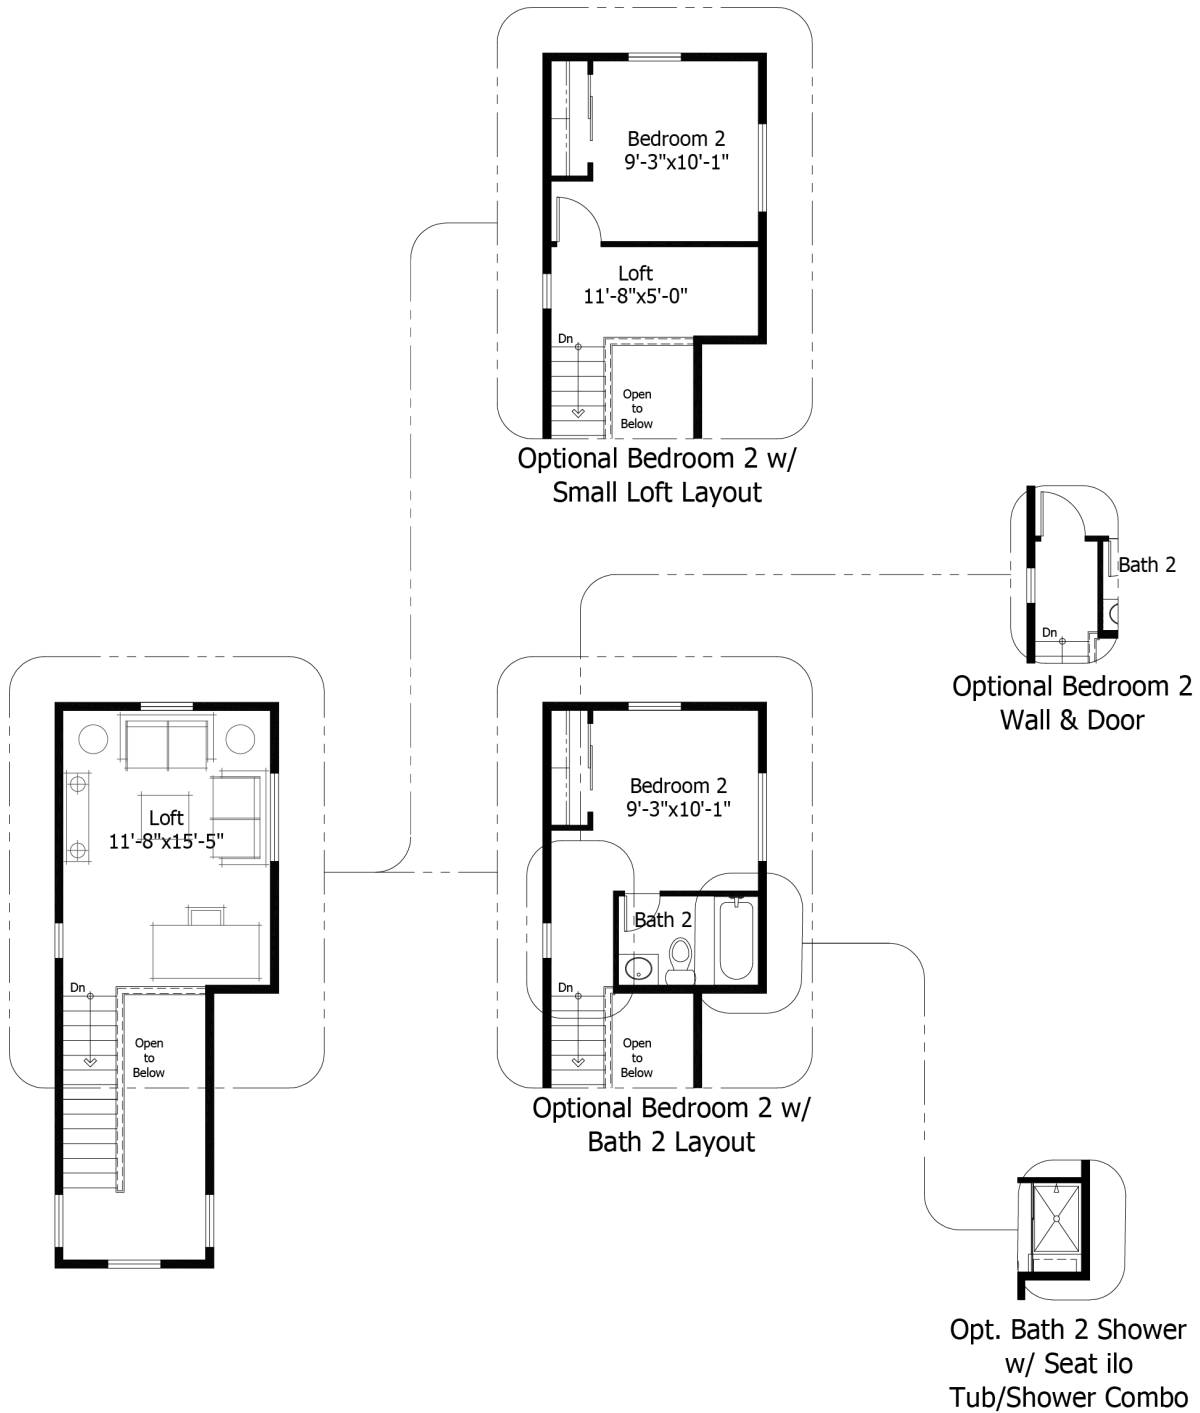

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
